EDUCATION

Rutgers University – New Brunswick, NJ   Graduated May 2019
Bachelor of Arts in Information Technology

EXPERIENCE

CODA Associate @ Capital One – Richmond, VA   August 2020 – Feb 2021
- Developing back-end web applications and APIs using a modern programming language, RESTful patterns, and the MVC web development framework
- Developing dynamic front-end applications using Angular
- Collaborating within a team using an agile development workflow and collaboration practices in Git

Front-End Developer @ CloudKeep – Hackensack, NJ   Aug 2019 – Nov 2019
Hugo, HTML, CSS, Sass, JavaScript, CircleCI
- Revamped the company's website by making styling changes to UI, adding blog posts and company news to keep prospective clients informed and updated
- Integrated SendInBlue marketing automation platform into webpages to track and communicate with private Beta applicants
- Optimized the site's performance for both mobile and desktop and cross-platform users utilizing Google's Lighthouse audit reports, as well as ensured site meets WCAG 2.0 guidelines

Desktop Support Intern @ Rutgers University – New Brunswick, NJ   Oct 2018 – May 2019
- Identified and resolved common end-user issues by creating online training manuals and documentation reducing ticket volume 8%
- Managed device inventory using KACE and Meraki MDM and deployed newly imaged devices to over 50 recruiters/admissions officers
- Installed, upgraded, and diagnosed Windows & Apple hardware/software and other devices such as iPads, printers, scanners, projectors, and teleconferencing equipment

Tech Development Intern @ S&P Global – New York, NY   June 2018 – Sept 2018
HTML, CSS, JavaScript, Jive CMS, Sketch
- Developed responsive web-pages using Sketch wireframes and mockups allowing for the decommission of over 50 Microsoft SharePoint sites
- Utilized Jive content management system to create discussion forums, blogs and wikis in order to streamline communication between several S&P Global Technology teams.
- Created documentation for a team of over 40 product management staff, spreading awareness of policies and procedures

Clinical Affairs IT Intern @ NYU Langone Health – New York, NY   May 2016 – Sept 2016
- Trained a team of four newly hired interns to complete medical practice IT infrastructure mapping project allowing for easier tracking of employees, workstations and local/network printers
- Performed PC diagnostics, application installations, upgrades and deployed 100+ workstations at newly acquired medical practices

LEADERSHIP

Hardware Project Manager @ VetCoin   Sept 2018 – Dec 2018
- Augmented reality game with the goal to help isolated veterans reintegrate into civilian life through social interaction
- Managed a team of 5 students by leading weekly team meetings, gathering requirements and creating hardware designs

Project Manager / Pitch Lead @ MPloy   Jan 2018 – May 2018
- Application that guides college students towards their dream career path
- Pitched prototype to a panel of 12 judges and audience of over 200 students at Annual IT Showcase where we were recognized as top project out of 15 teams in the *Big Data* category
